

ENTERTAINMENT

What if New York's best comedy club, the most talented up-and-coming musicians from East Austin, some gold medal-winning gymnasts, and the ghost of Studio 54 got together to transform a ship into a series of acrobatic productions, interactive experiences, and soirées? Well, you'd have the entertainment lineup that made us winners of the 2023 Cruise Critic Award for Best Entertainment.

Here's what you'll see no matter where you sail with us:

| Scarlet Night

Half-show, half-dance party, Scarlet Night features pop-up circus performances, interactive games, and live music — and culminates in an unmissable moment by the pool (no spoilers).

| Festival Stage Acts

Taking a cue from festival-style performances, we've got a rotation of comedians, magicians, and specialty artists to keep you entertained and allow you to experience something different during every show.

| PJ Party

The concept (and dress code) are simple: wear pajamas. Cozy PJs, zany PJs, even onesies — all styles welcome. Surprises will unravel through the night as you party with divas, rock stars, your best friends, and your new friends.

| Private Karaoke Rooms

Sometimes you just need to belt Celine Dion in an empty room. No? Just us? Well, we have these rooms on Deck 7 just in case.

| Shows

Shakespeare-inspired circus shows, immersive theater, and scintillating cabarets created by Broadway's hottest producers.

| Onboard Music and DJs

Music is Virgin's origin story, and we incorporate a balance of DJs, up-and-coming musicians, and headline-tier live acts on each sailing.
